POWERSCAN™ PD9500

INDUSTRIAL CORDED HANDHELD AREA IMAGER BAR CODE READER

Warehouses, logistic centers and manufacturing plants depend on speed and reliability when managing goods and tracking merchandise in order to improve efficiency while reducing costs. Datalogic's PowerScan™ PD9500 area imager, the latest generation of rugged 2D area imagers, is the perfect answer for these applications.

An intuitive and effortless scanning experience is the target of the PowerScan™ 9500 family. It combines omnidirectional reading capabilities, which is typical in all area imaging scanners, with outstanding optical characteristics. The result is a scanner that is able to read any kind of bar code, regardless of the orientation, from contact to over 1.0 m / 3.3 ft, depending on the bar code resolution. In addition, the PowerScan PD9500 area imager includes Datalogic's latest decoding software that guarantees snappy reading in any type of environment. Aim, trigger, decode: it is that simple!

User comfort is guaranteed because of the scanner ergonomics, consisting of the handle shape, a well-balanced weight and an intuitive aiming system, allowing the highest first-pass reading rate while reducing unnatural wrist movement or rotation which can tire any user during long shifts. Additionally, the PowerScan 9500 area imager uses a soft-pulsed white illumination light resulting in reduced flashes, which is very gentle on the eyes and less troublesome to the operator during scan-intensive applications.

The rugged mechanics of the PowerScan family guarantee reliable operation in the long term. Repeated shocks and indoor / outdoor usage in the toughest environmental conditions do not modify the scanners performance or reliability.

The PowerScan PD9500 area imager is available in 2 different models to meet the specific needs of each customer. The PD9530 model is geared towards customers needing high reading performance and speed on standard resolution codes. The PD9530-HP (High Performance) model is more versatile because of the advanced optics that combine high resolution bar code reading capability (up to 2.5 mils for linear codes) and wide angle image capture (A4 image size @ 25.0 cm / 0.8 ft), while maintaining an exceptional depth-of-field.

FEATURES

- Snappy omnidirectional reading from contact to over 1.0 m / 3.3 ft
- Datalogic's new instinctive 'frame' aimer
- New 'soft white light' illumination
- Datalogic's 3GL™ (3 Green Lights) technology and loud beeper for good read feedback
- Datalogic's Motionix[™] motion-sensing technology
- Ergonomic shape provides hours of tireless data collection for the user
- Supports 1D, stacked and 2D codes, postal codes and image capture
- Water and Particulate Sealing Rating: IP65

POWERSCAN™ PD95

DECODING CAPABILITY

1D / LINEAR CODES Autodiscriminates all standard 1D codes including

GS1 DataBar™ linear codes

2D CODES Aztec Code; China Han Xin Code; Data Matrix; MaxiCode;

Micro QR Code; QR Code

POSTAL CODES Australian Post; China Post; IMB; Japanese Post; KIX Post;

Planet Code; Portuguese Post; Postnet; Royal Mail Code

(RM4SCC); Swedish Post

STACKED CODES EAN/JAN Composites; GS1 DataBar Composites; GS1

DataBar Expanded Stacked; GS1 DataBar Stacked; GS1 DataBar Stacked Omnidirectional; MacroPDF; MicroPDF417;

PDF417; UPC A/E Composites

ELECTRICAL

INPUT VOLTAGE

CURRENT Operating (Typical): PD9530/PD9530-HP: 335 mA

PD9530-HPE: 135 mA @ 10 VDC

Standby/Idle (Typical): PD9530/PD9530-HP: 180 mA

PD9530-HPE: 50 mA @ 10 VDC PD9530/PD9530-HP: 5 VDC +/- 10%

PD9530-HPE: 10-30 VDC
